REVIVAL ISLAND

A GREAT STORY

You'll team up with favorite your childhood teacher and mentor May as your co-founder.

Born amidst the turquoise embrace of the Maldives, your childhood was a sun-kissed tale set on a tiny, vibrant island. The ocean, your playground, whispered secrets of the deep, but homecoming from college hit hard. Your island paradise, once a pristine Eden, was now a canvas of human neglect - oil-stained waters, beaches choked with plastic. So, you did what any self-respecting eco-warrior would: poured your savings into a startup with a colossal goal - to rescue your aquatic backyard and maybe the world!

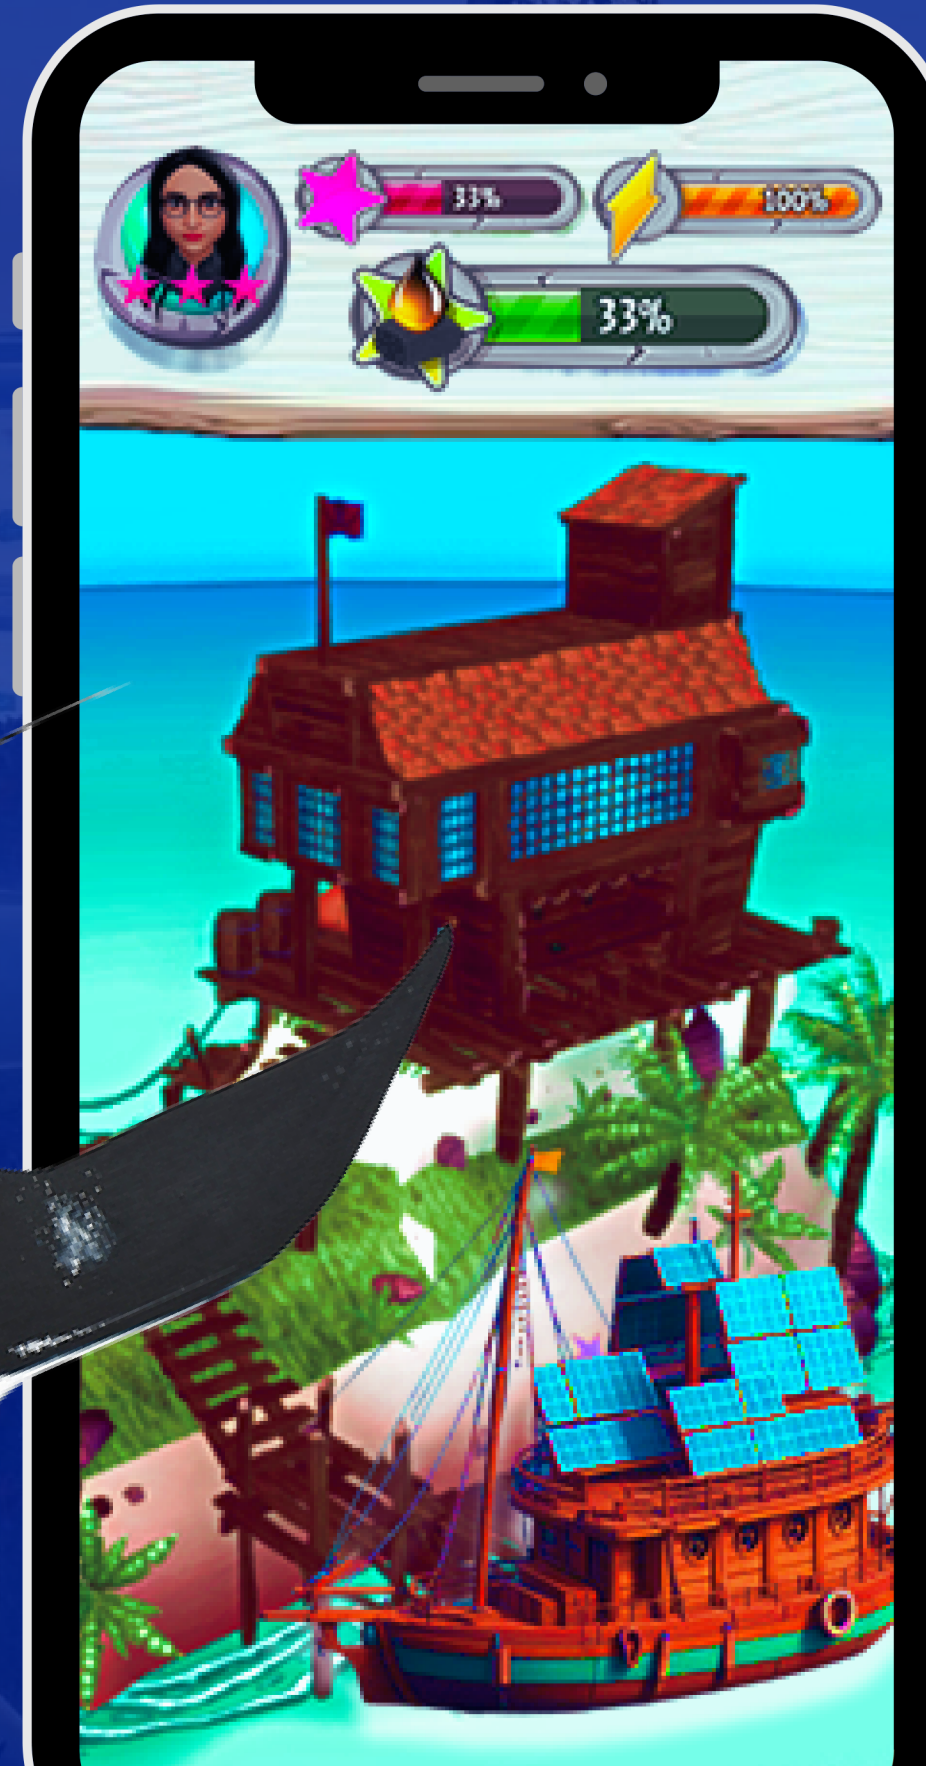

Alongside an old friend, a sage of the seas, you embarked on an odyssey to turn the tide. Together, armed with knowledge and a fire for change, you dove headfirst into the murky waters of environmental politics. From a humble island venture, your ambition swelled like the tide, envisioning a future where the world's oceans, once again, teem with life - unmarred, undaunted, unstoppable.

FUN GAME CONCEPT

Learn through fun gameplay in an epic eco adventure from graduate to global hero. Build and manage an eco biz empire and expand your operations and team.

- Embark on a wholesome story set in hope spots around Maldives
- Clean up trash, hazards, oil spills
- Rescue and save injured animals
- Earn for recycling around the islands
- Upgrade boat, HQ, lab, equipment
- Unlock new areas and islands
- Complete missions, meet old & new friends

Help Seth build his oil-sucking sponge invention so you can cleanup the islands!

PLAY-4-IMPACT

- Education and awareness
- Donations for partners
- Dots.eco micro-donations
- Community dashboard
- Social engagement

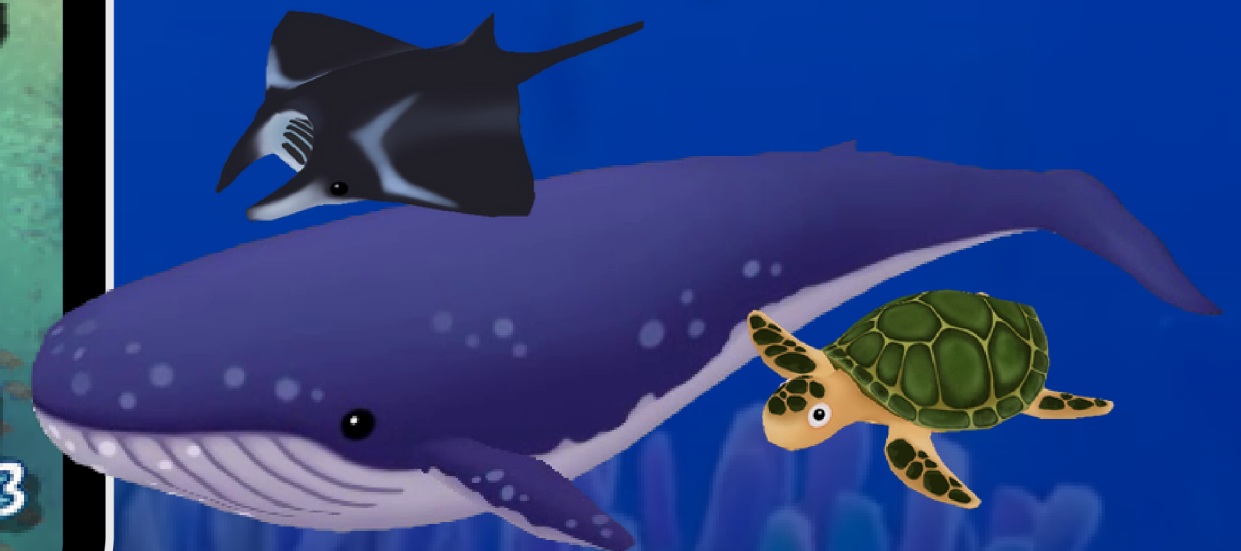

Help Faith to rescue and rehab injured sick animals you find!

Grow your eco-business from humble beginnings to being a global leader.

Study nearby islands while cleaning up oil, trash and rescuing animals.

Work with locals and friends to restore the ecosystem and enact local laws to protect it.
